Wednesday, January 5

Today play **Pinnacle Point (tbc)**. Magnificently perched atop staggering cliffs, this windswept course three hours east of Cape Town and a half hour south of George marks a major addition to South Africa's already world-class golf scene. Six of the holes play across deep chasms to greens that seem to float in the Indian Ocean. The yawning ravines and distant horizons can make 150-yard shots look like twice that length. On the par-four eighth, tee and green sit on opposing bluffs; big hitters can attempt an all-or-nothing carry with the hope of having an easy wedge in, or play it safe by bailing out left and facing a much longer approach. Throughout the layout, the architects wisely designed large, fairly flat greens that yield plenty of sensible pin placements and give golfers who have run a gauntlet just to get to the green a bit of a break. (cart fee included)

Thursday, January 6

Today play **Fancourt - The Links (tbc)**. **Ranked #1** in South Africa. Created from a previously flat piece of land, over 700 000 cubic metres of earth was moved in transforming it into a typical Links style. The course presents undulating windswept terrain and dune-style landscape and is the only such course in South Africa. Every hole has received detailed attention to ensure that the overall balance in terms of length, position of hazards and shot values are in harmony. As a result, The Links presents a stern test in all weather conditions. This is a walking course with caddies. Host course of the 2003 Presidents Cup, 2005 Women's World Cup and 2006 South African Open. Carts and caddies are available.

Sightseeing Suggestion: The Garden Route and Little Karoo's natural assets will have you question ever wanting to leave this idyllic spot! The Garden Route and Little Karoo spans from Witsands whale birthing haven in the West to Plettenberg Bays beach, polo and party-going pleasures in the East. Then there's the arid geological basin along the interior, wedged between the fynbos-rich Heidelberg in the west and Uniondale's eastern sheep farming and rock art treasures. It's all about an abundance of blue skies, white sand beaches, rolling oceans, mountain scenery, indigenous fynbos, ostrich antics and local hospitality. A place where you can travel along routes where you are often alone on the open road or make for the malls and beaches Golden vineyards, sun-drenched orchards, pin-drop-silent forests, sweeping lakes and birds eye view passes add to the mix.
